

CURRICULUM VITAE

Personal Information

Name	Bilyana Nikolaeva Bogdanova, M.D.
Address	
Telephone Mobile	+359 887 988840
E-mail	bogdab @abv.bg
Nationality	Bulgarian
Place of birth	Sofia, Bulgaria

Work Experience

03/1999 – 05/2015

Experience in Pharmaceutical Industry with variety of responsibilities in a different appointments. Series of product and presentation trainings in different therapeutic areas. Annually participations in local and international scientific forums.

08/2015 - 05/2020

Assignment as a regular resident at the Department of Imaging Diagnostic at National Heart Hospital, Sofia, headed by Assoc. Prof. Dr. Kamelia Genova, MD.

01.07.2020 –

Specialist in Diagnostic Imaging in Department of Imaging Diagnostic at National Heart Hospital, Sofia

Education

1992 - 1998

Medical University, Pleven

1991

High school, Pleven

1989 - 1992

English Language School as a private student, Pleven

Presentations, publications and posters

07/2017

Lecturer in a II-nd National Congress on Echocardiography and Multimodality Imaging in Cardiovascular Diseases- topic-"CT coronarography- indications, advantages and disadvantages"

09/2017

Lecturer in Pulmonary Venocclusive Disease - a role of CT. "**B. Bogdanova**, K. Genova, M. Denev, P. Popeski; ; XVII Congress of the Bulgarian Association of Radiology, Plovdiv;

09/ 2017

Cardiac Magnetic Resonance Tomography for Tissue Characterization of Deaths in the Myocardium. Figurative-Pathological-Anatomical Correlation "K. Genova, M. Denev, M. Pavlov, P. Popeski, **B. Bogdanova**; XVII Congress of the Bulgarian Association of Radiology, Plovdiv

2017

Interrupted aortic arch type B in neonate-multidetector computed tomography diagnosis. Case report and review the literature. K.Genova, D.Kostova-lefterova. A.Kaneva, **B.Bogdanova**, P.Spasoza; Roentgenologia & Radiologia,2016; LV:170-174

10/2017

Lecturer in a Symposium of "Holistic view of atrial fibrillation"- topic "CT assessment of left atrium morphology and determination of thromboembolic risk", **B.Bogdanova**, K.Genova

05/2018

Lecturer in a XXIV World Congress of Echocardiography and Cardiovascular Imaging - topic- "Acute Aortic Syndrome and CTA ", **B. Bogdanova**, K.Genova, P.Popeski

05/2018

Poster -"Acute Aortic Syndrome-CT assessment", K.Genova, **B.Bogdanova**, P.Popeski

05/2018

Poster -"CT assessment of normal variant of LAA anatomy" - a case with diverticula and accessory appendage as an incidental findings P.Popeski, **B.Bogdanova**, K.Genova, National Heart Hospital, Department of Diagnostic Imaging and Interventional Radiology

Hypertrophic cardiomyopathy as a first presentation of Anderson-Fabry disease, diagnosed with cardiac magnetic resonance
K. Genova^{1,2}, M. Denev³, H. Mateev⁴, B. Bogdanova¹, P. Popeski¹

10/2018

Poster presentation -- CTA assessment of some Vascular Compression Syndromes-cases of mey Turner Syndrome and Nutcracker Syndrome, Kushadasi, Turkey

01/2019

Pulmonary Venocclusive Disease – the role of MDCT, a clinical case. Clinical case, patomorphologic correlation and review in the literatute. K. Genova, **B. Bogdanova**, M. Denev²

Educational trainings

10/2015

Certificate for participation of "Emergency Medicine Ultrasonographic Workshop" - D-r Gregor Prozen, Slovenia, UMNAT - "Pirogov", Sofia

10/2016

Certificate of "Body Oncologic Imaging"European School of Radiology /ESOR/, Thessaloniki, Greece

11/2017
2016/2017

Basic course of Interventional radiology and embolization training with Dr. Nikifor Rares, Hospital Monza, Bucharest
Certificates of participations in 28-th and 29-th ECR , Vienna

Certificate of BEC ISES Endovascular Academy, April-28-29, 2017, Sofia

- 01/2018 Certificates from the Royal Society of Medicine for participation in a interactive courses- Part I "Coronary artery disease CT - SCCT London 2018";
Part II "Structural Heart Disease CT academy - SCCT London 2018"
- Certificate of attendance at the course "Urogenital Radiology", European School of Radiology /ESOR/, 10/2018 Kusadasi, Turkey
- 01/2019 School of Cardiovascular Computer Tomography (SCCT-Winter-2019), 01.2019 Dublin, Ireland
- 03/2019 CLIC (Critical Limb Ischemia Course), leaded by Dr. Marco Mancini focused on Diabetic Foot; Live cases from Hospital Abano Terme, Padua Italy, 03.2019
- Workshop of Musculoskeletal Diagnostic Imaging in Sport Trauma, Dr. Paolo Minatra, Sofia
- European School on Embolotherapy, 06.2019, Valencia, Spain
- Certificate of attendance at the course "Pediatric Radiology", European School of Radiology /ESOR/, 09/2019 Varna, Bulgaria
- 2020 Leipzig Interventional Course (LINC-2020), 01.2020
- Critical Limb Ischemia Course (CLI-C on AIR 2020) Life cases streaming Edition-July, by Dr. Marco Mancini and Dr. Luis Mariano Pllena.

Memberships

Member of the Bulgarian Radiology Association and the European Society of Radiology (ESR)

Scientific interests

Professional and scientific interest is oriented in the field of cardiovascular, vascular and imaging of musculoskeletal pathology.

Additional information

Certificate of Business management and marketing in University of National and World Economy

Languages

Good command on English, German – ongoing, Russian- good user

Computer skills

MS Office – Word, Excel, Power Point ; Internet User

Driving license

Valid, since 1998
